### **Multiple Choices Choose Only One**

Choice involves decision making. It can include judging the merits of multiple options and selecting one or more of them. One can make a choice between imagined options or between real options followed by the corresponding action. For example, a traveler might choose a route for a journey based on the preference of arriving at a given destination as soon as possible.

The side of a ship on which it was laden (that is loaded) was called the ladeboard, but its opposite, starboard, influenced a change in pronunciation to larboard. Then, because larboard was likely to be confused with starboard because of their similarity of sound, it was generally replaced by port.
