Names Nombres Answers

Pub names are used to identify and differentiate pubs. Many pubs are centuries old, from a time when their customers were often illiterate, but could recognise pictorial signs. Pub names have a variety of origins, from objects used as simple identification marks to the coats of arms of kings or local aristocrats and landowners.

Pub names - Wikipedia

A name server is a computer application that implements a network service for providing responses to queries against a directory service. It translates an often humanly meaningful, text-based identifier to a system-internal, often numeric identification or addressing component.

Name server - Wikipedia

By using names, you can make your formulas much easier to understand and maintain. You can define a name for a cell range, function, constant, or table.

Define and use names in formulas - Office Support

Read the passage from "Names/Nombres" by Julia Alvarez. "Say your name in Spanish, oh, please say it!" I had made mouths drop one day by rattling off my full name, which, according to Dominican custom, included my middle names, Mother's and Father's surnames for four generations back.
