Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.

Academic Rigor. The primary factor in admission decisions is your academic achievement. CU Boulder focuses on your classroom performance in core academic and prerequisite courses (if

you're a transfer student), the rigor of your course selection and your best combination of scores on the SAT or ACT.

### **Selection Process | University of Colorado Boulder**

A simulation is an approximate imitation of the operation of a process or system; the act of simulating first requires a model is developed. This model is a well-defined description of the simulated subject, and represents its key characteristics, such as its behaviour, functions and abstract or physical properties.
