Wisconsin Metal Fab, LLC - Metal Fabrication Companies

360 9" Welder's Pliers. Designed as an ideal 6-in-1 plier for welders, the CHANNELLOCK® 360 Welder's Plier offers XLT™ cutting technology which positions the rivet closer to the cutting edge so considerably less force is required to cut than other high leverage designs.

Metal Fabrication - Channellock

Metal Fabrication Market - Snapshot. Metal fabrication is the process of forming metal structures and assemblies from raw metalwork pieces. This process is referred to as a value-added service, as it completely deforms the raw material and develops a completely new structure by using several procedures such as metal welding, metal machining, metal forming, and metal cutting.
