The Equations Worksheets are randomly created and will never repeat so you have an endless supply of quality Equations Worksheets to use in the classroom or at home. We have one step equations worksheets with integers, decimals, fractions. There is two step and multiple step equations worksheets with integers and decimals.

### Algebra 1 Worksheets | Equations Worksheets

The main difference between one-step equations and two-step equations is that one more step you need to do in order to solve a two-step equation. That additional step may be something like multiplying the variable by a certain number to get rid of a fraction in front of it. Otherwise, the rules are the same as before and these equations are just as easy to learn and solve as are the one-step ones

### Two-step equations | Free Math Worksheets

• Answer Key to problems page • Colored Answer Key of Picture Students will solve 10 Multi-Step Equations with Variables on BOTH sides. When they get their answer they will look at the boxes on the right. Whatever answer matches the answer they got they will color that problem number the corresponding color.
