De-extinction, or resurrection biology, or species revivalism is the process of creating an organism, which is either a member of, or resembles an extinct species, or breeding population of such organisms. Cloning is the most widely proposed method, although selective breeding has also been proposed. Similar techniques have been applied to endangered species.

Plot. The story begins with Wolverine and Rogue having an argument about him leaving. When Wolverine goes to Charles and Jean Grey, they get headaches. An explosion occurs, and Charles and Jean disappear. The resulting trauma caused the X-Men team to disband and go their separate ways, leaving Xavier's once highly revered league of mutant peace preservers out of commission.
