Property, in the abstract, is what belongs to or with something, whether as an attribute or as a component of said thing. In the context of this article, it is one or more components (rather than attributes), whether physical or incorporeal, of a person's estate; or so belonging to, as in being owned by, a person or jointly a group of people or a legal entity like a corporation or even a society.

Theatre - The evolution of modern theatrical production: Underlying the theatrical developments of the 19th century, and in many cases inspiring them, were the social upheavals that followed the French Revolution. Throughout Europe the middle class took over the theatres and effected changes in repertoire, style, and decorum. In those countries that experienced revolutionary change or failure ...
