Chemistry 11 Answer Key - Vancouver School Board

The following is a list of people who are considered a "father" or "mother" (or "founding father" or "founding mother") of a scientific field. Such people are generally regarded to have made the first significant contributions to and/or delineation of that field; they may also be seen as "a" rather than "the" father or mother of the field. Debate over who merits the title can be perennial.

List of people considered father or mother of a scientific ...

Personal questions can also encourage people to be more thoughtful in their engagement with particular objects. In 2007, Exploratorium researcher Joyce Ma published a brief formative study on Daisy, an artificially intelligent computer program that engages visitors in text-based conversation. Daisy is a "chatbot" with some pre-programmed questions in her repertoire, and Ma was studying the ...

Chapter 4: Social Objects - The Participatory Museum

During the seventeenth and especially eighteenth centuries, driven both by a desire to understand nature and a quest to make balloons in which they could fly (), a number of scientists established the relationships between the macroscopic physical properties of gases, that is, pressure, volume, temperature, and amount of gas. Although their measurements were not precise by today's standards ...
