Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

Minor correction / addition to the answer (at least for Windows 10): Which Control key you press doesn't matter. The Shift does, though. I frequently find myself pressing Control on the left and Shift on the right and then cursing and swearing until I press the right combo to get it back (which led me here for some definite answers).
