Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.

Do black bears hibernate? The short answer is yes. Although there has been past scientific debate about whether or not one of the world's most famous "hibernator" actually does so, black bears are able to survive severe weather and annual winter food shortages by denning and hibernating during those winter months.
