Sociological theory vs. social theory. Kenneth Allan proposed the distinction between sociological theory and social theory. In Allan's usage, sociological theory consists of abstract and testable propositions about society. It often heavily relies on the scientific method, which aims for objectivity, and attempts to avoid passing value judgments. In contrast, social theory, according to Allan ...

Medical coding is used for a variety of activities, from observational studies to hospital billing. However, comorbidities tend to be under-reported by medical coders. The aim of this study was to develop an algorithm to detect comorbidities in electronic health records (EHR) by using a clinical data warehouse (CDW) and a knowledge database. We enriched the Theriaque pharmaceutical database ...
