People often want to know if they can just take a test at home to assess their cognitive functioning. If you're concerned about your memory (or that of your loved one) and want to briefly evaluate your thinking ability, this test is for you. It's called the SAGE (Self-Administered Gerocognitive Exam) test, and was developed by the Ohio State University Wexner Medical Center.

The SAGE Test: An At-Home, Online Dementia Test

An automatic number announcement circuit (ANAC) is a component of a central office of a telephone company that provides a service to installation and service technicians to determine the telephone number of a line. The facility has a telephone number that may be called to listen to an automatic announcement that includes the caller's telephone number.

Automatic number announcement circuit - Wikipedia
