The informal sector of the economy, informal economy, or grey economy is the part of an economy that is neither taxed nor monitored by any form of government. Unlike the formal economy, activities of the informal economy are not included in a country's gross national product (GNP) or gross domestic product (GDP). The informal sector can be described as a grey market in labour.

Newton is famous for having said he can describe gravity, but he won't speculate about its origin. "Hypotheses non fingo" – I will not deal in hypotheses, Isaac Newton wrote in an essay, "General Scholium", which was appended to the second edition of his "Principia". Since Newton, little progress has been made.
