### **Natural Sciences CLEP Practice Tests | Exam Prep Online**

I'm debating whether I should take the clep test for natural science or just take the course. I have already taken college biology 2 years ago and passed with an A. I understand that the other 50% of the test contains other sciences, such as chemistry, astronomy, geology (?) and physics. I did take chemistry, but that was 8 years ago in high school.

### **Take Natural Science Clep Test recently anyone? | Yahoo ...**

Like the other six credit CLEP exams, the Natural Sciences CLEP tests the knowledge you'd normally receive over two semesters. That means the test is extremely broad, but doesn't go very deep. This free CLEP study guide isn't going to be able to cover every possible question you may get hit with, simply because it would be entirely too long.
