A practical write-up template, for a practical in which students investigate the relationship between heat and temperature. Also some notes for teachers running the activity. Students try to add the same amount of heat, using a Bunsen burner, to two diff...

Heat and Temperature Practical by pand | Teaching Resources

Notes: Beginning students often find the terminology for switches confusing, because the words open and closed sound similar to the terminology used for doors, but do not mean quite the same thing when used in reference to a switch! In order to help avoid confusion, ask the students how they may think of these terms in a way that is consistent with their meaning in the context of an electrical ...
