Mean, Median, Mode & Range Color by Number | TpT

When analyzing numerical data, you may often be looking for some way to get the "typical" value. For this purpose, you can use the so-called measures of central tendency that represent a single value identifying the central position within a data set or, more technically, the middle or center in a statistical distribution. Sometimes, they are also classified as summary statistics.

Calculating Mean, Median and Mode in Excel - Ablebits.com
