Student online book exchange results page. The primary focus of this text is to empower management students with statistical decision-making skills so that they become active participants rather than passive observers in business situations in which statistical findings are reported and discussed as part of a management decision-making process.

Economics (/ ɛ k ə ' n ɒ m i k s, iː k ə -/) is the social science that studies the production, distribution, and consumption of goods and services.. Economics focuses on the behaviour and interactions of economic agents and how economies work. Microeconomics analyzes basic elements in the economy, including individual agents and markets, their interactions, and the outcomes of interactions.
