Modern Auditing Chapter 14 Solutions

The broad responsibilities and detailed requirements of practice management include managing the revenue cycle, compliance regulations, human resources, health information, and general business processes. Modern practices are looking for certified practice managers who can roll up their sleeves and effectively manage the business side of medicine.

Practice Management - AAPC

To decide to be an accountant is no more descriptive than deciding to be a doctor as there are a variety of specialty areas. Many accountants engage in the practice of public accounting, which involves providing audit, tax, and consulting services to the general public. To engage in the practice of public accounting usually requires one to be licensed.
