Hi Luke - The title simply asks the question of whether or not it is bad for your teeth. I wouldn't call it misleading though. Although flavored sparkling waters are more damaging than regular sparkling water, I believe that non-flavored sparkling water also has a slightly negative effect on your teeth because the carbonation breaks down into carbonic acid, which is acidic.

Is Sparkling Water Bad For Your Teeth? | Oral Answers

Q: Once an attack has subsided, what kind of diet can I expect to eat? A: By establishing a healthier digestive system, most all foods can be consumed in moderation, without the fear of a gout attack. Our herbal blends can help provide stability to the digestive tract. It is imperative that we, gout and inflammation sufferers, support this stability long term by preserving a good balance of ...

I had migraines for well over 20 years. I am not alone; about 12% of the US population has migraines. Initially, I thought I had headaches but my "headaches" were accompanied by symptoms that are not normally part of headaches: anxiety, IBS, RLS, nausea, sensitivity to darkness, light, smells, and everything seemed irritating. I learned later that these symptoms are part of prodrome; a sort ...
