Carry out a full risk assessment before planning any work in microbiology (see note 1 for details).. Food or drink should not be stored or consumed in a laboratory that is used for microbiology.

Preserving food | Nuffield Foundation

Microbiology can appear daunting when you don't know what to focus on. Fortunately, microbiology questions tested on the ASCP exam focus on diagnosis. In a real laboratory, the organism would arrive in some media. You would ask yourself, "I wonder what this organism is?" You would then culture and gram stain, or perform some other tests to figure out what you're dealing with.

Microbiology | wordsology

Abstract. The critical nature of the microbiology laboratory in infectious disease diagnosis calls for a close, positive working relationship between the physician/advanced practice provider and the microbiologists who provide enormous value to the healthcare team.
