The graphics display resolution is the width and height dimension of an electronic visual display device, such as a computer monitor, in pixels. Certain combinations of width and height are standardized and typically given a name and an initialism that is descriptive of its dimensions. A higher display resolution in a display of the same size means that displayed photo or video content appears ...

The 2017 French presidential election was held on 23 April and 7 May 2017. As no candidate won a majority in the first round on 23 April, a run-off was held between the top two candidates, Emmanuel Macron of En Marche! and Marine Le Pen of the National Front (FN), which Macron won by a decisive margin on 7 May. The presidential election was followed by legislative elections to elect members of ...
