This site provides annotated Web links to instructional materials and other resources of interest to Chemistry teachers and course designers. The links are carefully selected to represent what this author considers to be the most useful and exemplary Web-accessible resources that others can draw upon for ideas and materials.

Chemistry Education Resources - Steve Lower's Web pages

In chemistry, resonance is a way of describing bonding in certain molecules or ions by the combination of several contributing structures (or forms, also variously known as resonance structures or canonical structures) into a resonance hybrid (or hybrid structure) in valence bond theory. It has particular value for describing delocalized electrons within certain molecules or polyatomic ions ...

Resonance (chemistry) - Wikipedia

CBD delivers the right solutions to Large Corporate and Government Entities. We help you maximize your business potentials through our wide array of sophisticated financial solutions, including overdraft facilities, working capital loans, term loans, bill discounting facilities, trust receipt facilities, contract financing, contracting and construction and asset-based financing facilities.
