The following is a list of people who are considered a "father" or "mother" (or "founding father" or "founding mother") of a scientific field. Such people are generally regarded to have made the first significant contributions to and/or delineation of that field; they may also be seen as "a" rather than "the" father or mother of the field. Debate over who merits the title can be perennial.

Untitled — Chapter 7 Vocabulary Review Biology Answers

Best answer: Yes, tariffs are going to be lifted on steel and aluminium, because it looked like the new NAFTA (CUSMA) deal wouldn't be ratified until they were. As for the war of 1812, it was the British who beat the Americans. There was no such country as Canada then, but the British victory over the USA was a stepping stone in making Canada a Country.
