User manuals User manuals are always delivered with the balance. It is wise to copy the manual and leave one issue close to the equipment and keep one in a file with other technical manuals in the office or storage room.

Frank's Weighing Scales

History. Brake linings were invented by Bertha Benz (the wife of Karl Benz who invented the first patented automobile) during her historic first long-distance car trip in the world in August 1888. The first asbestos brake linings were developed in 1908 by Herbert Frood. Although Frood was the first to implement the use of asbestos brake linings, the heat dissipation properties of the fibres ...
