Intelligent Business Applications | Microsoft Dynamics 365

In order to be able to transform supply chains, manufacturers have to synchronize and fine-tune all the different systems working for them and listen to their insights, which will later allow them to create strategic advantages where there were none in the past, and make the right decisions without blinking an eye.

Intelligent Manufacturing - Home Page - Merit Solutions

As the red dashed line in the illustration shows, Retail does support the core Microsoft Dynamics 365 functionality of a price group that is set directly on a customer. However, in this case, you get only sales price trade agreements. If you want to apply customer-specific prices, we recommend

that you not set price groups directly on the customer.
