In the mature stage of a thunderstorm, the warmed air continues to rise until it reaches an area of warmer air and can rise no farther. Often this 'cap' is the tropopause. The air is instead forced to spread out, giving the storm a characteristic anvil shape. The resulting cloud is called cumulonimbus incus. The water droplets coalesce into larger and heavier droplets and freeze to become ice ...

A motion comic (or animated comic) is a form of animation combining elements of print comic books and animation. Individual panels are expanded into a full shot while sound effects, voice acting, and animation are added to the original artwork. Text boxes and sound effect bubbles are typically removed to feature more of the original artwork being animated.

It is fair to say that roundabouts are one of the hardest sections of the Highway Code for beginners to master. Make sure you read through this page a few times until you completely understand it. If you are learning to drive and have any questions, be sure to note them down and ask your driving instructor next time you have a lesson.
