If you use this Internet site regularly and if you don't feel the need for the printed textbook, I ask that you pay \$20 for using the electronic text and tools on this site.

Chemistry First Version of - An Introduction to Chemistry

The following is a list of people who are considered a "father" or "mother" (or "founding father" or "founding mother") of a scientific field. Such people are generally regarded to have made the first significant contributions to and/or delineation of that field; they may also be seen as "a" rather than "the" father or mother of the field. Debate over who merits the title can be perennial.

List of people considered father or mother of a scientific ...

During the seventeenth and especially eighteenth centuries, driven both by a desire to understand nature and a quest to make balloons in which they could fly (), a number of scientists established the relationships between the macroscopic physical properties of gases, that is, pressure, volume, temperature, and amount of gas. Although their measurements were not precise by today's standards ...

9.2 Relating Pressure, Volume, Amount, and Temperature ...
