The "Improving Learning in Mathematics" (or Standards Units) resources are, in my opinion, some of the finest ever produced. They are rich, challenging, well thought-out and well resourced. In short, I love them. From the NCETM website: "This multi-media resource has been developed with teachers ...

Recursion (adjective: recursive) occurs when a thing is defined in terms of itself or of its type. Recursion is used in a variety of disciplines ranging from linguistics to logic. The most common application of recursion is in mathematics and computer science, where a function being defined is applied within its own definition. While this apparently defines an infinite number of instances ...

Recursion - Wikipedia

Python is a very popular language when it comes to data analysis and statistics. Luckily, Python3 provide statistics module, which comes with very useful functions like mean(), median(), mode() etc. mean() function can be used to calculate mean/average of a given list of numbers. It returns mean of ...
