Later on today I installed the hs3110 HSPA+ mobile broadband module (748599-011) in another HP Laptop and it worked perfectly ther, it was recognized and I was also reseaving 3G connectivity.. So Humm ... it works on another HP laptop but not on my HP ZBook 15 G2. Thus suggesting that something is wrong with my BIOS that is not enabeling the device.

Class loaders find and load class files. Class loaders enable applications that are deployed on servers to access repositories of available classes and resources. Application developers and deployers must consider the location of class and resource files, and the class loaders used to access those files, to make the files available to deployed applications.

By: Drivers.com staff Date: Saturday, 13. May 2006 . In South Africa, a driver's licence isn't difficult to obtain. No formal training is required and few drivers take any. A learner's permit can be obtained at age 17 on completion of a knowledge test.

Drivers.com: Driver's license easy to get in South Africa

In conclusion, for the same model I'm using: You can safely supply 3.3V (3.0V - 3.6V) to the OV7670 VDD. (I used this configuration) You can safely use a maximum of 3.0V for the I/O pins. However the module I/O pins will work at 2.8V.; A 5V supply for the OV7670 VDD might work (try at your own risk), it depends on the maximum input voltage of the LDO regulators your module has.
