Philosophy of mind is a branch of philosophy that studies the ontology, nature, and relationship of the mind to the body. The mind-body problem is a paradigm issue in philosophy of mind, although other issues are addressed, such as the hard problem of consciousness, and the nature of particular mental states. Aspects of the mind that are studied include mental events, mental functions ...

Philosophy of mind - Wikipedia

The mind-body problem is a philosophical problem concerning the relationship between thought and consciousness in the human mind, and the brain as part of the physical body. It is distinct from the question of how mind and body function chemically and physiologically since that question presupposes an interactionist account of mind-body relations. ...
